

Hasnat ahmad

DATA ANALYST | PYTHON DEVELOPER | POWER BI | FLUTTER DEVELOPER

Gujranwala Punjab, Pakistan | hasnatmughal7565@gmail.com | +92 307 9560172

Professional Summary

IT student with a strong interest in Data Analytics, Business Intelligence, and Data Science. Skilled in Excel, Power BI, SQL, Python, and data visualization. Experienced in exploratory data analysis (EDA), data cleaning, and reporting using Pandas, NumPy, and Matplotlib. Currently building a Flutter-based AI-powered Learning Management System using Firebase and Retrieval-Augmented Generation (RAG). Seeking a Data Analytics, Data Science, or Flutter Development internship to apply analytical, visualization, and problem-solving skills to real-world projects.

Skills

Data Analytics & Business Intelligence

- Microsoft Excel, Power BI, SQL, Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA), Descriptive Statistics

Data Science

- Python (Data Analysis) Pandas, NumPy, Data Visualization (Matplotlib), Descriptive Statistics, Scikit

Development

- Flutter (UI, Navigation), Dart, Firebase Authentication, Cloud Firestore, REST API Integration, FCM

AI & Emerging Technologies

- Retrieval-Augmented Generation (RAG), Prompt Engineering, AI Chatbot Concepts

Tools & Platforms

- Jupyter Notebook, VS Code, GitHub, Android Studio

Technical Projects

Final Year Project | AI-Based Learning Management System

- Building a Flutter-based LMS with Provider state management, Firebase Authentication, Cloud Firestore database, and an AI chatbot powered by Retrieval-Augmented Generation (RAG).
- Implementing user authentication, real-time Firestore database, AI chatbot, and multi-screen navigation, covering 6+ core app modules.

Excel Data Analysis Project

- Cleaned and analyzed a 1,000+ row dataset using sorting, filtering, formulas, and pivot tables; built 5+ charts and summary reports to highlight key trends.

Power BI Dashboard Project

- Designed 3+ interactive Power BI dashboards using DAX measures, Power Query transformations, slicers, and drill-through filters to visualize key business metrics.

Data Analysis Project | Python

- Performed EDA on a 1,000+ row dataset using Pandas and NumPy, identifying key trends through 8+ Matplotlib visualizations and applying descriptive statistics with Scikit-learn.

Certification

- IBM Data Science Professional Certificate
- Microsoft Power BI Professional Certificate
- Google Soft Skills Program

Education

Bachelor of Science in **Information Technology**

Govt College Gujranwala (Affiliated with Punjab University) | 2022–Present

- CGPA: **3.57 / 4.00**
- Current Semester: 8th (Expected Graduation: September 2026)

Experience

Flutter Development Intern | DevelopersHub Corporation

- Completed a 6-week virtual internship in Flutter Development (Dec 2025 – Jan 2026), recognized for exceptional performance and significant contributions throughout the program.

Languages

- **Languages:** Urdu (Native), English (Working Proficiency)
